

Industry-leading advanced production equipments

Ceramic-Eyelet Processing Special Equipment

Reducing-atmosphere Brazing Furnace (Imported)

Vacuum Brazing Furnace Low-Temp. (Imported)

Glass-seal(Kovar) Furnace higher-Temp. (Imported)

Glass-seal(CRS) Furnace Lower-Temp. (Imported)

Pre-Oxydization, Annealing Equipment (Imported)

Pre-plated Treatment Equipment

Advanced Plating Lines

The equipments listed out are only a portion of in-house equipments, these advanced top-brand equipments are capable of handling ceramic-to-metal seal, glass-to-metal seal process, high-temp brazing, low-temp brazing, plating process, etc.
